How to use your Plan

The best way to take full advantage of your dental Plan is to know its features. You can learn them by reading this benefit booklet before you go to the Dentist. This benefit booklet is designed to give you a clear understanding of how your dental coverage works and how to make it work for you. It also answers some common questions. If you have questions or do not understand something, please give us a call at 800-554-1907. We're more than happy to help.

Consult your provider regarding any charges that may be your responsibility before treatment begins.

Coinsurance

DDWA will pay a percentage of the cost of your treatment, and you are responsible for paying the allowable balance. The part you pay is called the Coinsurance. If your Plan has a Deductible, you are responsible for the Coinsurance even after a Deductible is met.

Please see your "Reimbursement Levels for Allowable Benefits" under the "Summary of Benefits" section for details on the Coinsurance required by your Plan.

Benefit Period

Most dental benefits are calculated within a "Benefit Period," which is typically for one year. For this Plan, the Benefit Period is the 12-month period starting the first day of January and ending the last day of December.

Plan Maximum

The Plan Maximum is the maximum dollar amount DDWA will pay toward the cost of dental care within a specific Benefit Period. The maximum amount payable for Covered Dental Benefits in each Benefit Period is listed in the "Summary of Benefits" section.

Charges for dental procedures requiring multiple treatment dates are considered incurred on the date the services are completed, also known as the Seat Date. Amounts paid for such procedures will be applied to the Plan Maximum based on the incurred date.

Plan Deductible – In-Network

This Plan does not have an In-Network Deductible requirement.

Plan Deductible – Out-of-Network

Your Plan has a Deductible, which can be found in the “Summary of Benefits” section. This means that from the first payment or payments DDWA makes for Covered Dental Benefits, a deduction is taken. This deduction is owed to the provider by you. Once an Enrolled Person has satisfied the Deductible during the Benefit Period, no further deduction will be taken for that Enrolled Person until the next Benefit Period.

Your family Deductible is also listed in the “Summary of Benefits” section. Once a family has satisfied the maximum Deductible amount during the Benefit Period, no further deduction will apply to any member of that family until the next Benefit Period.

Reimbursement Levels

Your Plan is a Group based incentive Plan. It is designed to encourage prevention by rewarding you for receiving preventive care and other dental services during each incentive period.

The incentive period consists of the following 12-month period:

<i>Your Group’s Incentive Period</i> First day of January through the last day of December
--

Your dental Plan offers different classes of covered treatment. Each class also specifies Limitations and Exclusions. For more information about reimbursement levels for your plan, see the “Summary of Benefits” section.

Refer to the “Benefits Covered by Your Plan” section for specific Covered Dental Benefits under this Plan.

Reimbursement Levels for Class I and Class II Procedures

The original Payment Level for covered and allowable Class I (diagnostic and preventive) and Class II (basic) procedures for the first incentive period is set by your employer at the minimum Payment Level. This Payment Level increases 10 percentage points each successive incentive period in which the covered person uses the benefits under this Plan up to the maximum Payment Level. Once you reach your maximum level, the Plan will stay at the maximum level if you use your benefit during each consecutive incentive period.

If a covered person fails to use benefits during an incentive period, the Payment Level will be decreased by 10 percentage points from the level you were at when you last used your benefits. An additional 10 percentage point decrease will happen for each successive incentive period during which benefits are not used until you reach the minimum Payment Level set by your employer.

Each Enrolled Person establishes their own Payment Levels through utilization during incentive periods.

Reimbursement Levels for All Other Procedures

Please see the “Summary of Benefits” section for more information about reimbursement levels for all other procedures.

Additionally, there are Exclusions to the type of services covered. These Limitations and Exclusions are detailed with

the specific benefits listed above and in this General Exclusion section. These Limitations and Exclusions warrant careful reading.

These items are not paid Covered Dental Benefits under this Plan.

- 5) Experimental services or supplies.
 - a) This includes:
 - i) Procedures, services or supplies are those whose use and acceptance as a course of dental treatment for a specific condition is still under investigation/observation.  - (2) The services are under continued scientific testing and research;
 - (3) The services show a demonstrable benefit for a particular dental condition; and
 - (4) They are proven to be safe and effective.
 - b) Any individual whose claim is denied due to this experimental exclusion clause will be notified of the denial within 20 working days of receipt of a fully documented request.
 - c) Any denial of benefits by DDWA on the grounds that a given procedure is deemed experimental may be appealed to DDWA. DDWA will respond to such an Appeal within 20 working days after receipt of all documentation reasonably required to make a decision. The 20-day period may be extended only with written consent of the covered person.
 - d) Whenever DDWA makes an adverse determination and delay would jeopardize the covered person's life or materially jeopardize the covered person's health, DDWA shall expedite and process either a written or an oral Appeal and issue a decision no later than 72 hours after receipt of the Appeal. If the treating Licensed Professional determines that delay could jeopardize the covered person's health or ability to regain maximum function, DDWA shall presume the need for expeditious determination in any independent review.

- 17) This Plan does not provide benefits for services or supplies to the extent that those services and supplies are payable under any motor vehicle medical, motor vehicle no-fault, uninsured motorist, underinsured motorist, personal injury protection (PIP), commercial liability, homeowner's policy, or other similar type of coverage.

DDWA shall determine whether services are Covered Dental Benefits in accordance with a standard dental practice and the Limitations and Exclusions shown in this benefit booklet. Should there be a disagreement regarding the interpretation of such benefits, the subscriber shall have the right to Appeal the determination in accordance with the non-binding Appeals process in this benefit booklet and may seek judicial review of any denial of coverage of benefits.

Necessary vs. Not Covered Treatment

Your Dentist may recommend a treatment plan that includes services which may not be covered by this Plan. DDWA does not specify which treatment should be performed, only which treatment will be paid for under your Plan. While a treatment may be appropriate for managing a specific condition of oral health, it must still meet the provisions of the dental Plan in order to be a paid Covered Dental Benefit. Prior to treatment, you and your Dentist should discuss which services may not be covered as well as any fees that are your responsibility. For further information see the "Confirmation of Treatment and Cost" section.

Confirmation of Treatment and Cost

A Confirmation of Treatment and Cost, also known as a predetermination of benefits, is a request made by your Dentist to DDWA to determine your benefits for a particular service. This Confirmation of Treatment and Cost will provide you and your Dentist with general coverage information regarding your benefits and your potential out-of-pocket cost for services.

A Confirmation of Treatment and Cost is not an authorization for services but a notification of Covered Dental Benefits available at the time the Confirmation of Treatment and Cost is made and is not a guarantee of payment (please refer to the "Initial Benefit Determination" section regarding claims requirements).

A standard Confirmation of Treatment and Cost is processed within 15 days from the date of receipt of all appropriate information. If the information received is incomplete, DDWA will notify you and your Dentist in writing that additional information is required in order to process the Confirmation of Treatment and Cost. Once the additional information is available your Dentist should submit a new request for a Confirmation of Treatment and Cost to DDWA.

In the event your benefits are changed, terminated, or you are no longer covered under this Plan, the Confirmation of Treatment and Cost is no longer valid. DDWA will make payments based on your coverage at the time treatment is provided.

Urgent Confirmation of Treatment and Cost Requests

Should a Confirmation of Treatment and Cost request be of an urgent nature, whereby a delay in the standard process may seriously jeopardize life, health, the ability to regain maximum function, or could cause severe pain in the opinion of a physician or Dentist who has knowledge of the medical condition, DDWA will review the request within 72 hours from the receipt of the request and all supporting documentation. When practical, DDWA may provide notice of the determination orally with written or electronic confirmation to follow within 72 hours.

Immediate treatment is allowed without a requirement to obtain a Confirmation of Treatment and Cost in an emergency situation subject to the Contract provisions.

Section C – Choosing a Dentist

Your Provider Network is: Delta Dental PPO Network.

You may select any licensed Dentist to provide services under this Plan; however, if you choose a Dentist outside of the Delta Dental PPO Network, your costs may be higher than if you were to choose a Delta Dental PPO Dentist. Dentists that do not participate in the Delta Dental PPO Network have not contracted with DDWA to charge our established PPO fees for covered services. As a result, your choice of Dentists could substantially impact your out-of-pocket costs.

Once you choose a Dentist, tell them that you are covered by a DDWA dental plan and provide them the name and number of your Group and your member identification number. Your Group information can be found on the identification card document provided to you at enrollment or printed from www.DeltaDentalWA.com. You may also obtain your Group information and your member identification number by calling our Customer Service Department at 800-554-1907 or through our website at www.DeltaDentalWa.com.

DDWA uses randomly selected identification numbers or universal identifiers to ensure the privacy of your information and to help protect against identity theft.

Please note that ID cards are not required to see your Dentist but are provided for your convenience.

Delta Dental Participating Dentists

Dentists who have agreed to provide treatment to patients covered by a DDWA plan are called ‘Participating’ Dentists. For your Plan, Participating Dentists may be either Delta Dental Premier Dentists or Delta Dental PPO Dentists. You can find the most current listing of Participating Dentists by going online to the DDWA website at www.DeltaDentalWA.com. You may also call us at 800-554-1907.

Delta Dental Premier Dentists

Premier Dentists have agreed to provide services for their Filed Fee under our standard agreement.

Delta Dental PPO Dentists

Our PPO Dentists have agreed to provide services at a fee lower than their original Filed Fee. Because of this, selecting a PPO Dentist may be a more cost-effective option for you.

If you select a Delta Dental Participating Dentist, they will complete and submit claim forms and receive payment directly from DDWA on your behalf. You will not be charged more than the Participating Dentist’s approved fee. You will be responsible only for stated Coinsurances, Deductibles, any amount over the Plan Maximum and for any elective care you choose to receive outside the Covered Dental Benefits.

Non-Participating Dentists

If you select a Dentist who is not a Delta Dental Participating Dentist, you are responsible for ensuring either you or your Dentist completes and submits a claim form. We accept any American Dental Association-approved claim form that you or your Dentist may provide. You can also download a claim form by logging on to the “MySmile® Personal Benefits Center” on our website at www.DeltaDentalWA.com or obtain a form by calling us at 800-554-1907.

Payment for services performed by a Non-Participating Dentist will be based on their actual charges or DDWA’s Maximum Allowable Fees for Non-Participating Dentists, whichever is less. You will be responsible for paying any balance remaining to the Dentist. Please be aware that DDWA has no control over Non-Participating Dentist’s charges or billing practices.

Out-of-State Dentists

If you receive treatment from a Non-Participating Dentist outside of the state of Washington, your Coinsurance amounts will be based on the Coinsurance percentage established for a Delta Dental PPO Dentist. Allowable amounts paid for covered services will be based on the Maximum Allowable Fee for a Participating Dentist in that state, or their actual fee, whichever is less.

Section D – Eligibility and Termination

Employee Eligibility and Enrollment

An Eligible Employee is an employee who meets the qualifications for eligibility established by Group.

Eligible Employees become Enrolled Employees once they have fully completed the enrollment process and DDWA has received the employer contributions for their enrollment.

New employees are eligible to enroll in this Plan on the first day of the month after satisfying any waiting period established by the Participating Employer.

You must complete the enrollment process in order to receive benefits.

Employee Termination

Eligibility and Coverage terminates at the end of the month in which you cease to be an employee, or at the end of the month for which timely payment of monthly Premiums was made by Group on your behalf to DDWA, or upon termination of Group's Contract with DDWA, whichever occurs first.

In the event of a suspension or termination of compensation, directly or indirectly as a result of a strike, lockout, or other labor dispute, an Enrolled Employee may continue coverage by paying the applicable Premium directly to the employer for a period not to exceed six months. Payments of Premiums must be made when due, or DDWA may terminate the coverage.

The benefits under your DDWA dental Plan may be continued provided you are eligible for Federal Family and Medical Leave Act (FMLA), or Washington State's Paid Family Medical Leave (PFML) and you are on a leave of absence that meets the appropriate criteria. For further information, contact your employer.

Dependent Eligibility and Enrollment

Eligible Dependents are your spouse or domestic partner, and children of yours, your spouse, or your domestic partner, from birth through age 25. Children include biological children, stepchildren, foster children and adopted children. A dependent child's spouse and/or child(ren) are not eligible for coverage under this Plan.

Non-registered domestic partnership is a relationship whereby two people:

- 1) Share the same regular and permanent residence;
- 2) Have a close personal committed relationship;
- 3) Are jointly responsible for "basic living expenses" such as food, shelter and similar expenses;
- 4) Are not married to anyone;
- 5) Are each 18 years of age or older;
- 6) Are not related by blood closer than would bar marriage in their state of residence;
- 7) Were mentally competent to consent to contract when the domestic partnership began; and
- 8) Are each other's sole domestic partner and are responsible for each other's common welfare.

Eligible Dependents may not enroll in this Plan unless the employee is an Enrolled Employee.

A new family member, with the exception of newborns, adopted and foster children, will be enrolled on the first day of the month following the date they qualify as an Eligible Dependent.

A newborn shall be covered from and after the moment of birth, and an adopted child or child placed in anticipation of adoption shall be covered from the date of assumption of a legal obligation for total or partial support or upon placement of the child in anticipation of adoption. A foster child is covered from the time of placement.

A child will be considered an Eligible Dependent as an adopted child if one of the following conditions are met: 1) the child has been placed with the eligible Enrolled Employee for the purpose of adoption under the laws of the state in

which the employee resides; or 2) the employee has assumed a legal obligation for total or partial support of the child in anticipation of adoption.

When additional Premium is required for a newborn or adopted child or child placed in anticipation of adoption, enrollment must be received by DDWA within the timeframe listed under “Marriage, Birth or Adoption” section, which is no less than 60 days from the date of the qualifying event.

When additional Premium is not required for a newborn or adopted child or child placed in anticipation of adoption, we encourage enrollment as soon as possible to prevent delays in claims processing but coverage will be provided in any event. Dental coverage provided shall include, but is not limited to, coverage for congenital anomalies of infant children.

Enrolled employees who choose not to enroll an Eligible Dependent during the initial enrollment period of the dental Plan may enroll the Eligible Dependent only during an Open Enrollment Period, except under special enrollment. See the “Special Enrollment Periods” section for more information. An Enrolled Dependent is an Eligible Dependent that has completed the enrollment process.

Dependent Termination

Enrolled Dependent coverage terminates at the end of the month in which the Enrolled Employee’s coverage terminates, or when the dependent ceases to be eligible, whichever occurs first.

Unless otherwise indicated, an Enrolled Dependent shall cease to be enrolled in this Plan on the last day of the month of the Enrolled Employee’s employment, or when the person no longer meets the definition of an Eligible Dependent, or the end of the calendar month for which Group has made timely payment of the monthly Premiums on behalf of the Enrolled Employee to DDWA, or upon termination of Group’s Contract with DDWA, whichever occur first.

A Dependent may be enrolled or terminated from coverage or reinstate coverage under this Plan during an Open Enrollment Period or during a Special Enrollment Period following a qualifying event as defined in the “Special Enrollment Periods” section.

Other Dependent Eligibility Topics

Coverage for an Enrolled Dependent child who attains the limiting age while covered under this Plan will not be terminated if the child is and continues to be both 1) incapable of self-sustaining employment by reasons of developmental disability (attributable to intellectual disability or related conditions which include cerebral palsy, epilepsy, autism, or another neurological condition which is closely related to intellectual disability or which requires treatment similar to that required for intellectually disabled individuals) or physical disability; and 2) chiefly dependent upon the Enrolled Person for support and maintenance. Continued coverage requires that proof of incapacity and dependency be furnished to DDWA within 31 days of the dependent’s attainment of the limiting age. DDWA reserves the right to periodically verify the disability and dependency but not more frequently than annually after the first two years.

Pursuant to the terms of a Qualified Medical Child Support Order (QMCSO), the Plan also provides coverage for a child, even if the parent does not have legal custody of the child or the child is not dependent on the parent for support. This applies regardless of any enrollment season restrictions that might otherwise exist for dependent coverage. A QMCSO may be either a National Medical Child Support Notice issued by a state child support agency or an order or judgment from a state court or administrative body directing the company to cover a child under the Plan. Federal law provides that a QMCSO must meet certain form and content requirements to be valid. If the parent is not enrolled in the Plan, the parent must enroll for coverage for both the parent and the child. If the Plan receives a valid QMCSO and the parent does not enroll the dependent child, the custodial parent or state agency may do so. A child who is eligible for coverage through a QMCSO may not enroll dependents for coverage under the Plan.

Special Enrollment Periods

Enrollment or termination of you or your Eligible Dependent is allowed during an Open Enrollment Period, and during Special Enrollment Periods, which are triggered by the following situations:

Loss of Other Coverage

If you and/or your Eligible Dependents involuntarily lose coverage or are no longer eligible under another dental Plan, you may apply for coverage or make changes under this Plan if the following applies:

- ◆ You declined enrollment in this Plan.
- ◆ You lose eligibility in another health Plan, or your coverage is terminated due to the following:
 - ◇ Legal separation or divorce
 - ◇ Cessation of dependent status
 - ◇ Death of Employee
 - ◇ Termination of employment or employer contributions
 - ◇ Reduction in hours
 - ◇ Loss of individual or Group market coverage due to moving away from the Plan area or termination of benefit Plan
 - ◇ Exhaustion of COBRA coverage
- ◆ The enrollment process must be completed within 31 days of losing other coverage. Coverage will be effective the first day of the month following receipt of application.

If these conditions are not met, you must wait until the next Open Enrollment Period, or the occurrence of another valid qualifying election event, to apply for coverage.

Marriage, Birth or Adoption

If you declined enrollment in this Plan, you may apply for coverage for yourself and your Eligible Dependents in the event of marriage, birth of a child(ren), or when you or your spouse assume legal obligation for total or partial support or upon placement of a child(ren) in anticipation of adoption.

- ◆ Marriage or Domestic Partner Registration – The enrollment process must be completed within the timeframe established by the Group. If enrollment and payment are not completed within the timeframe established, any changes to enrollment can be made during the next Open Enrollment Period or upon the occurrence of another valid qualifying election change event.

DDWA considers the terms spouse, marriage, marital, husband, wife, widow, widower, next of kin, and family to apply equally to domestic partnerships or individuals in domestic partnerships, as well as to marital relationships and married persons. References to dissolution of marriage will apply equally to domestic partnerships that have been terminated, dissolved, or invalidated. Where necessary, gender-specific terms such as husband and wife used in any part of this benefit booklet will be considered as gender neutral and applicable to individuals in domestic partnerships. DDWA and the Group will follow all applicable state and federal requirements, including any applicable regulations.
- ◆ Birth – A newborn shall be covered from and after the moment of birth. The enrollment process must be completed within 60 days of the date of birth. If an additional Premium for coverage is required and enrollment and payment is not completed within the 60 days, any changes to enrollment can be made during the next Open Enrollment Period or upon the occurrence of another valid qualifying election change event.
- ◆ Adoption – The enrollment process must be completed within 60 days of the date of assumption of a legal obligation for total or partial support or upon placement of the child in anticipation of adoption. If an additional Premium for coverage is required and enrollment and payment is not completed within the 60 days, any changes to enrollment can be made during the next Open Enrollment Period or upon the occurrence of another valid qualifying election change event.

Uniformed Services Employment & Re-Employment Rights Act (USERRA)

Enrolled Employees who join a branch of military service have the right to continue dental coverage as established by Group by paying the monthly Premiums, even if they are employed by Groups that are too small to comply with COBRA. For further information on your rights under this act, please contact your legal counsel.

Family and Medical Leave Act (FMLA) and Paid Family and Medical Leave (PFML)

The benefits for an enrolled member under this DDWA dental Plan may be continued provided the employee is eligible for the Federal Family and Medical Leave Act (FMLA) or Washington State's Paid Family and Medical Leave (PFML) and is on a leave of absence that meets the appropriate criteria. For further information, contact your employer.

Consolidated Omnibus Budget Reconciliation Act (COBRA)

DDWA supports the Federal Health Benefit Continuation Provisions of The Consolidated Omnibus Budget Reconciliation Act known as "COBRA" which are applicable to this Plan.

An employee and any enrolled family members affected by the above law should be aware of the following terms, conditions and Limitations as they apply to temporary continuation of Group dental care coverage upon the occurrence of certain qualifying events.

An employee covered by this Group dental care Plan has a right to choose this continuation coverage if Group dental care coverage is lost because of reduced employment hours or terminated of employment for reasons other than gross misconduct on the part of the employee.

The dependents of an employee covered by a Group dental care Plan have the right to choose continuation coverage, if Group coverage under the Group dental care Plan is lost for any of the following five reasons:

- 1) The death of the employee;
- 2) A termination of the employee's employment (for reasons other than gross misconduct) or reduction in the employee's hours of employment;
- 3) Divorce, legal separation, or dissolution of domestic partnership from the employee;
- 4) The employee becomes entitled to Medicare; or
- 5) The dependent ceases to be an "Eligible Dependent" under the Group dental care Plan.

Under the law, the employee or a family member has the responsibility to inform the employer of a divorce, legal separation, dissolution of domestic partnership or of a child losing dependent status under the Group dental care Plan.

COBRA coverage begins on the date that coverage would otherwise have ended due to a qualifying event. Coverage will end at the end of the maximum period as defined below.

When the employer is notified of a qualifying event, the employer in turn notifies the employee of their right to choose continuation coverage. The employee then has at least 60 days from the date they are furnished election notice, or the date that coverage would have ended, whichever is later, to inform the employer that continuation coverage has been chosen. The employer is required to notify the dental care Plan within 30 days of an employee's death, termination, reduction of hours or entitlement to Medicare.

If continuation coverage is not chosen, the Group dental care coverage will end.

Covered employees are eligible to continue coverage for 18 months when coverage is lost due to termination of employment or from reduction in hours. If continuation of coverage is chosen, the employer is required to provide coverage that, as of the time coverage is being provided, is identical to the coverage provided under the Plan to similarly situated employees or family members.

If the covered employee's eligibility under this Contract ends when they become entitled to Medicare benefits, then COBRA coverage may not be continued for that employee. If a dependent is actively participating in COBRA and the covered employee becomes entitled to Medicare benefits, then coverage may not be continued for the employee; however, COBRA coverage may be continued for any dependent's for up to 36 months from the covered employee's Medicare entitlement date. If the covered employee's eligibility under the Contract continues beyond Medicare

entitlement, but later ends upon termination of employment or retirement, then any dependents may continue coverage for up to 1) 36 months from the covered employee's Medicare entitlement date, or 2) 18 months from the date the insured person's employment ended, whichever is later.

Employees or dependents who are disabled at the time the employee terminates employment or reduces hours or if they become disabled at any time during the first 60 days of COBRA coverage, are eligible for an additional 11 months of continued coverage from the date of the qualifying event. The total continued coverage period will not exceed 29 months from the date of the qualifying event. The individual must be determined as disabled by the Social Security Administration and must notify Group within 60 days of Social Security's determination date.

If the covered employee has a child or adopts a child during the period of COBRA coverage, such employee may elect to cover that child.

Generally, COBRA participants lose coverage when they become eligible under another Group plan. However, if the new Plan has pre-existing Limitations or Exclusions, affected individuals may continue coverage under the former Plan until the pre-existing condition(s) is no longer limited or the continuation coverage period ends, whichever is earlier.

COBRA payments are due within 45 days from the date of application. Payments must be made retroactively from the date of COBRA eligibility up through the current month of eligibility.

Dependents experiencing second qualifying events while under COBRA may extend coverage for an additional 18 months.

Continuation coverage may be ended for any of the following reasons:

- 1) The employer no longer provides Group dental care coverage to any of its employees;
- 2) The Premium for continuation coverage is not paid, or not paid on time, as provided by law;
- 3) You became covered under another Group dental care Plan after the date you elect COBRA coverage. If, however, the new Plan contains an exclusion or limitation for a pre-existing condition (as explained above), coverage does not end for this reason until the exclusion or limitation no longer applies;
- 4) You become entitled to Medicare after the date you elect COBRA coverage, or
- 5) The spouse is divorced from a covered employee and subsequently remarries and is covered under any Group dental care Plan unless a pre-existing condition described above takes precedence.

Proof of insurability is not required to choose continuation coverage. However, the employee may have to pay all or part of the Premium for the continuation coverage.

Section E – Claim Review

Claim Forms

American Dental Association-approved claim forms may be obtained from your Dentist. You may also download a claim form by logging on to the “MySmile® Personal Benefits Center” on our website at www.DeltaDentalWA.com or by calling us at 800-554-1907 to have forms sent to you.

DDWA is not obligated to pay for treatment performed for which claim forms are submitted for payment more than 12 months after the date of such treatment.

Initial Benefit Determinations

An initial benefit determination is conducted at the time of claim submission to DDWA for payment modification or denial of payment. In accordance with regulatory requirements, DDWA processes all clean claims within 30 days from the date of receipt. Clean claims are claims that have no defect or impropriety, including a lack of any required substantiating documentation, or particular circumstances requiring special treatment that prevents timely payments from being made on the claim. Claims not meeting this definition are paid or denied within 60 days of receipt.

If a claim is denied, in whole or in part, or is modified, we will send you an Explanation of Benefits (EOB) that will include the following information:

- ◆ The specific reason for the denial or modification
- ◆ Reference to the specific plan provision on which the determination was based
- ◆ Your Appeal rights should you wish to dispute the original determination

Appeals of Denied Claims

How to contact us

We will accept notice of an Appeal if made by you, your covered dependent, or an authorized representative of you or your covered dependent by contacting us at the telephone number below or in writing us at the following address: Delta Dental of Washington, P.O. Box 75983, Seattle, WA 98175-0983. You may also email us at memberappeals@deltadentalwa.com. When submitting an Appeal, you may include any written comments, documents or other information that you believe supports your claim. For more information, please call 800-554-1907.

Authorized Representative

You may authorize another person to represent you or your dependent and receive communications from DDWA regarding you or your dependent’s specific Appeal. The authorization must be in writing and signed by you. If an Appeal is submitted by another party without this authorization, a request will be made to obtain a completed authorized representative form. The Appeal process will not commence until this form is received. Should the form, or any other document confirming the right of the individual to act on your behalf, i.e., power of attorney, not be returned, the Appeal will be closed.

Informal Review

If your claim for dental benefits has been completely or partially denied, or you have received any other adverse benefit determination, you have the right to initiate an Appeal. Your first step in the Appeal process is to request an informal review of the decision. Either you, or your authorized representative (see the “Authorized Representative” section), must submit your request for a review within 180 days from the date of the adverse benefit determination (please see your EOB form). A request for a review may be made orally or in writing and must include the following information:

- ◆ Your name, the patient’s name (if different) and ID number
- ◆ The claim number (from your EOB)
- ◆ The name of the Dentist

DDWA will review your request and send you a notice within 14 days of receiving your request. This notice will either be the determination of our review or a notification that we will require an additional 16 days, for a total of 30 days. When our review is completed, DDWA will send you a written notification of the review decision and provide you information regarding any further Appeal rights available should the result be unfavorable to you. Upon request, you will be granted access to, and copies of, all relevant information used in making the review decision. Informal reviews of wholly or partially denied claims are conducted by persons not involved in the initial claim determination.

Formal Review

If you are dissatisfied with the outcome of the informal review, you may request a formal review for your Appeal. Your formal Appeal will be reviewed by the DDWA Appeals Committee. This Committee includes only persons who were not involved in either the original decision or the previous review.

Your request for a formal review by the Appeals Committee must be made within 90 days of the date of the letter notifying you of the informal review decision. Your request should include the information submitted with your informal review request plus a copy of the informal review decision letter. You may also submit any other documentation or information you believe supports your case.

The Appeals Committee will review your claim within 30 days of receiving your request. Upon completion of their review the Appeals Committee will send you written notification of their decision. Upon request, you will be granted access to, and copies of, all relevant information used in making the review decision.

Whenever DDWA makes an adverse determination and delay would jeopardize the covered person's life or materially jeopardize the covered person's health, DDWA shall expedite and process either a written or an oral Appeal and issue a decision no later than 72 hours after receipt of the Appeal. If the treating Licensed Professional determines that delay could jeopardize the Eligible Person's health or ability to regain maximum function, DDWA shall presume the need for expeditious review, including the need for an expeditious determination in any independent review consistent with applicable regulations.

Extension of Benefits

In the event a person ceases to be eligible for enrollment, or ceases to be enrolled, or in the event of termination of this Plan, DDWA shall not be required to pay for services beyond the termination date. An exception will be made for the completion of procedures requiring multiple visits that were started while coverage was in effect, are completed within 21 days of the termination date and are otherwise benefits under the terms of this Plan.

Coordination of Benefits

Coordination of this Contract's Benefits with Other Benefits: The coordination of benefits (COB) provision applies when you have dental coverage under more than one *Plan*. *Plan* is defined below.

The order of benefit determination rules govern the order in which each *Plan* will pay a claim for benefits. The *Plan* that pays first is called the *Primary Plan*. The *Primary Plan* must pay benefits according to its policy terms without regard to the possibility that another *Plan* may cover some expenses. The *Plan* that pays after the *Primary Plan* is the *Secondary Plan*. The *Secondary Plan* may reduce the benefits it pays so that payments from all *Plans* do not exceed 100 percent of the total *Allowable Expense*.

Definitions: For the purpose of this section, the following definitions shall apply:

A "**Plan**" is any of the following that provides benefits or services for dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same *Plan* and there is no COB among those separate contracts. However, if COB rules do not apply to all contracts, or to all benefits in the same contract, the contract or benefit to which COB does not apply is treated as a separate *Plan*.

- *Plan* includes: group, individual or blanket disability insurance contracts, and group or individual contracts issued by health care service contractors or health maintenance organizations (HMO), *Closed Panel Plans* or other forms of group coverage; medical care components of long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental *Plan*, as permitted by law.
- *Plan* does not include: hospital indemnity or fixed payment coverage or other fixed indemnity or fixed payment coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident and similar coverage that cover students for accidents only, including athletic injuries, either on a twenty-four-hour basis or on a "to and from school" basis; benefits for nonmedical components of long-term care policies; automobile insurance policies required by statute to provide medical benefits; Medicare supplement policies; A state *Plan* under Medicaid; A governmental *plan*, which, by law, provides benefits that are in excess of those of any private insurance *Plan* or other nongovernmental *plan*; benefits provided as part of a direct agreement with a direct patient-provider primary care practice as defined by law or coverage under other federal governmental *Plans*, unless permitted by law.

Each contract for coverage under the above bullet points is a separate *Plan*. If a *Plan* has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate *Plan*.

"**This Plan**" means, in a COB provision, the part of the contract providing the dental benefits to which the COB provision applies and which may be reduced because of the benefits of other *Plans*. Any other part of the contract providing dental benefits is separate from *This Plan*. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

The order of benefit determination rules determine whether *This Plan* is a *Primary Plan* or *Secondary Plan* when you have dental coverage under more than one *Plan*.

When *This Plan* is primary, it determines payment for its benefits first before those of any other *Plan* without considering any other *Plan's* benefits. When *This Plan* is secondary, it determines its benefits after those of another *Plan* and must make payment in an amount so that, when combined with the amount paid by the *Primary Plan*, the total benefits paid or provided by all *Plans* for the claim are coordinated up to 100 percent of the total *Allowable Expense* for that claim. This means that when *This Plan* is secondary, it must pay the amount which, when combined with what the *Primary Plan* paid, does not exceed 100 percent of the *Allowable Expense*. In addition, if *This Plan* is secondary, it must calculate its savings (its amount paid subtracted from the amount it would have paid had it been the *Primary Plan*) and record these savings as a benefit reserve for you. This reserve must be used to pay any expenses during that calendar year, whether or not they are an *Allowable Expense* under *This Plan*. If *This Plan* is secondary, it will not be required to pay an amount in excess of its maximum benefit plus any accrued savings.

“Allowable Expense” except as outlined below, means any health care expense including coinsurance or copayments and without reduction for any applicable deductible, that is covered in full or in part by any of the plans covering you. When coordinating benefits as the secondary plan, Delta Dental of Washington must pay an amount which, together with the payment made by the primary plan, cannot be less than the same allowable expense as the secondary Plan would have paid if it was the primary plan. In no event will DDWA be required to pay an amount in excess of its maximum benefit plus accrued savings. When Medicare, Part A, Part B, Part C, or Part D is primary, Medicare’s allowable amount is the allowable expense.

An expense or a portion of an expense that is not covered by any of the *plans* is not an allowable expense. The following are examples of expenses that are not *Allowable Expenses*:

- If you are covered by two or more Plans that compute their benefit payments on the basis of a maximum allowable amount, relative value schedule reimbursement method or other similar reimbursement method, any amount charged by the provider in excess of the highest reimbursement amount for a specific benefit is not an *Allowable Expense*.
- If you are covered by two or more *Plans* that provide benefits or services on the basis of negotiated fees, an amount in excess of this plan’s negotiated fee is not an *Allowable Expense*.

“Closed Panel Plan” is a *Plan* that provides dental benefits to you in the form of services through a panel of providers who are primarily employed by the *Plan*, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

“Custodial Parent” is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one-half of the calendar year without regard to any temporary visitation.

Order of Benefit Determination Rules: When you are covered by two or more *Plans*, the rules for determining the order of benefit payments are as follows:

The *Primary Plan* must pay or provide its benefits as if the *Secondary Plan* or *Plans* did not exist.

A *Plan* that does not contain a coordination of benefits provision that is consistent with Chapter 284-51 of the Washington Administrative Code is always primary unless the provisions of both *Plans* state that the complying *Plan* is primary, except coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage is excess to any other parts of the *Plan* provided by the contract holder.

A *Plan* may consider the benefits paid or provided by another *Plan* in calculating payment of its benefits only when it is secondary to that other *Plan*.

Each *Plan* determines its order of benefits using the first of the following rules that apply:

“Non-Dependent or Dependent” The *Plan* that covers you other than as a *Dependent*, for example as an employee, member, policyholder, subscriber or retiree is the *Primary Plan* and the *Plan* that covers you as a *Dependent* is the *Secondary Plan*. However, if you are a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the *Plan* covering you as a *Dependent*, and primary to the *Plan* covering you as other than a *Dependent* (e.g., a retired employee), then the order of benefits between the two *Plans* is reversed so that the *Plan* covering you as an employee, member, policyholder, subscriber or retiree is the *Secondary Plan* and the other *Plan* is the *Primary Plan*.

“Dependent Child Covered Under More Than One Plan” Unless there is a court decree stating otherwise, when a *Dependent* child is covered by more than one *Plan* the order of benefits is determined as follows:

- 1) For a *Dependent* child whose parents are married or are living together, whether or not they have ever been married:
 - a) The *Plan* of the parent whose birthday falls earlier in the calendar year is the *Primary Plan*; or
 - b) If both parents have the same birthday, the *Plan* that has covered the parent the longest is the *Primary Plan*.
- 2) For a *Dependent* child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - a) If a court decree states that one of the parents is responsible for the *Dependent* child’s dental expenses or dental coverage and the *Plan* of that parent has actual knowledge of those terms, that *Plan* is primary. This rule applies to claims determination periods commencing after the *Plan* is given notice of the court decree;
 - b) If a court decree states one parent is to assume primary financial responsibility for the *Dependent* child but does not mention responsibility for dental expenses, the *Plan* of the parent assuming financial responsibility is primary;
 - c) If a court decree states that both parents are responsible for the *Dependent* child’s dental expenses or dental coverage, the provisions of point 1) above (for *dependent* child(ren) whose parents are married or are living together) determine the order of benefits;
 - d) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the dental expenses or dental coverage of the *Dependent* child, the provisions of point 1) above (for *dependent* child(ren) whose parents are married or are living together) determine the order of benefits; or
 - e) If there is no court decree allocating responsibility for the *Dependent* child’s dental expenses or dental coverage, the order of benefits for the child is as follows:
 - I. The *Plan* covering the *Custodial Parent*, first;
 - II. The *Plan* covering the spouse of the *Custodial Parent*, second;
 - III. The *Plan* covering the *noncustodial Parent*, third; and then
 - IV. The *Plan* covering the spouse of the *noncustodial Parent*, last
- 3) For a *Dependent* child covered under more than one *Plan* of individuals who are not the parents of the child, the provisions of points 1) or 2) above (for *dependent* child(ren) whose parents are married or are living together or for *dependent* child(ren) whose parents are divorced or separated or not living together) determine the order of benefits as if those individuals were the parents of the child.

“Active Employee or Retired or Laid-off Employee”: The *Plan* that covers you as an active employee, that is, an employee who is neither laid off nor retired, is the *Primary Plan*. The *Plan* covering you as a retired or laid-off employee is the *Secondary Plan*. The same would hold true if you are a *Dependent* of an active employee and you are a *Dependent* of a retired or laid-off employee. If the other *Plan* does not have this rule, and as a result, the *Plans* do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule under the *Non-Dependent* or *Dependent* provision above can determine the order of benefits.

“COBRA or State Continuation Coverage”: If your coverage is provided under COBRA or under a right of continuation provided by state or other federal law is covered under another *Plan*, the *Plan* covering you as an employee, member, subscriber or retiree or covering you as a *Dependent* of an employee, member, subscriber or retiree is the *Primary Plan* and the COBRA or state or other federal continuation coverage is the *Secondary Plan*. If the other *Plan* does not have this rule, and as a result, the *Plans* do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule under the *Non-Dependent* or *Dependent* provision above can determine the order of benefits.

“Longer or Shorter Length of Coverage”: The *Plan* that covered you as an employee, member, policyholder, subscriber or retiree longer is the *Primary Plan* and the *Plan* that covered you the shorter period of time is the *Secondary Plan*.

If the preceding rules do not determine the order of benefits, the *Allowable Expenses* must be shared equally between the *Plans* meeting the definition of *Plan*. In addition, *This Plan* will not pay more than it would have paid had it been the *Primary Plan*.

Effect on the Benefits of *This Plan*: When *This Plan* is secondary, it may reduce its benefits so that the total benefits paid or provided by all *Plans* during a claim determination period are not more than the *Total Allowable Expenses*. In determining the amount to be paid for any claim, the *Secondary Plan* must make payment in an amount so that, when combined with the amount paid by the *Primary Plan*, the total benefits paid or provided by all *Plans* for the claim do not exceed 100 percent of the total *Allowable Expense* for that claim. *Total Allowable Expense* is the *Allowable Expense* of the *Primary Plan* or the *Secondary Plan up to this plan’s allowable expense*. In addition, the *Secondary Plan* must credit to its *Plan* deductible any amounts it would have credited to its deductible in the absence of other dental coverage.

How We Pay Claims When We Are Secondary: When we are knowingly the *Secondary Plan*, we will make payment promptly after receiving payment information from your *Primary Plan*. Your *Primary Plan*, and we as your *Secondary Plan*, may ask you and/or your provider for information in order to make payment. To expedite payment, be sure that you and/or your provider supply the information in a timely manner.

If the *Primary Plan* fails to pay within 60 calendar days of receiving all necessary information from you and your provider, you and/or your provider may submit your claim for us to make payment as if we were your *Primary Plan*. In such situations, we are required to pay claims within 30 calendar days of receiving your claim and the notice that your *Primary Plan* has not paid. This provision does not apply if Medicare is the *Primary Plan*. We may recover from the *Primary Plan* any excess amount paid under the "right of recovery" provision in the *plan*.

- If there is a difference between the amounts the *plans* allow, we will base our payment on the higher amount. However, if the *Primary Plan* has a contract with the provider, our combined payments will not be more than the amount called for in our contract. Health maintenance organizations (HMOs) and health care service contractors usually have contracts with their providers as do some other *plans*.

- We will determine our payment by subtracting the amount paid by the *Primary Plan* from the amount we would have paid if we had been primary. We must make payment in an amount so that, when combined with the amount paid by the *Primary Plan*, the total benefits paid or provided by all *plans* for the claim does not exceed one hundred percent of the total allowable expense (the highest of the amounts allowed under each Plan involved) for your claim. We are not required to pay an amount in excess of our maximum benefit plus any accrued savings. If your provider negotiates reimbursement amounts with the *plan(s)* for the service provided, your provider may not bill you for any excess amounts once he/she has received payment for the highest of the negotiated amounts. When our deductible is fully credited, we will place any remaining amounts in a savings account to cover future claims which might not otherwise have been paid.

Right to Receive and Release Needed Information: Certain facts about dental coverage and services are needed to apply these COB rules and to determine benefits payable under *This Plan* and other *Plans*. The Company may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under *This Plan* and other *Plans* covering you. The Company need not tell, or get the consent of, any person to do this. To claim benefits under *This Plan* you must give the Company any facts it needs to apply those rules and determine benefits payable.

Facility of Payment: If payments that should have been made under *This Plan* are made by another *Plan*, the Company has the right, at its discretion, to remit to the other *Plan* the amount the Company determines appropriate to satisfy the intent of this provision. The amounts paid to the other *Plan* are considered benefits paid under *This Plan*. To the extent of such payments, the Company is fully discharged from liability under *This Plan*.

Right of Recovery: The Company has the right to recover excess payment whenever it has paid *Allowable Expenses* in excess of the maximum amount of payment necessary to satisfy the intent of this provision. The Company may recover excess payment from any person to whom or for whom payment was made or any other Company or *Plans*.

Notice to Covered Persons If you are covered by more than one health benefit *Plan*, and you do not know which is your *Primary Plan*, you or your provider should contact any one of the health *Plans* to verify which *Plan* is primary. The health *Plan* you contact is responsible for working with the other health *Plan* to determine which is primary and will let you know within 30 calendar days.

CAUTION: All health *Plans* have timely claim filing requirements. If you, or your provider, fail to submit your claim to a secondary health *Plan* within the *Plan's* claim filing time limit, the *Plan* can deny the claim. If you experience delays in the processing of your claim by the primary health *Plan*, you or your provider will need to submit your claim to the secondary health *Plan* within its claim filing time limit to prevent a denial of the claim.

To avoid delays in claims processing, if you are covered by more than one *Plan* you should promptly report to your providers and *Plans* any changes in your coverage.

Subrogation

If we pay benefits under this policy, and you are paid by someone else for the same procedures we pay for, we have the right to recover what we paid from the excess received by you, after full compensation for your loss is received. Any legal fees for recovery will be pro-rated between the parties based on the percentage of the recovery received. You have to sign and deliver to us any documents relating to the recovery that we reasonably request.
